### 2. What is the purpose of the Declaration?

Requirement to submit the Declaration is outlined in Section one of Article 4.<sup>4</sup> of the Immigration Law of the Republic of Latvia.

The purpose of the obligation to submit the Declaration is to collect information on arriving Foreign nationals who have acquired the right to travel within the Schengen area in another country, as well as to support the capabilities of state security and law enforcement institutions to timely identify and prevent risks to state and public security.

In cases where the aforementioned risks are identified, the competent state institutions will use the existing legal instruments to prevent the threat posed, including restricting the person's ability to enter Latvia.

Foreign nationals will be required to declare following information:

1. personal information;
